

ARKKI SKIRT PENDANT 40, ARKKI SKIRT PENDANT 60

## ARKKI SKIRT & DRUM - THE CARDBOARD LIGHTS

The stylish ARKKI SKIRT & DRUM lamps are lightweight and eco-friendly. The lamp shades can be treated with a new generation fire retardant that is 100% non-toxic. The white inside of the lamp shade makes it an efficient light source and the folded structure allows for a “pearl necklace” to shine between the pieces.

Underneath the wood veneer finish is an ingenious folding structure of durable corrugated cardboard. In addition to many wood veneer options the shades come in black and white, or customized with your own colors and patterns.

The lamps are flat-packed for shipping and mount easily by joining the ends of the fan-like shade and adding a disk that completes the clever structure.
